

## CAREERS DAY PART 1 - ARTICLE

*Last issue, we announced that Friday the 8<sup>th</sup> of March would be the date of Meadowcroft's very first careers day! Staged primarily at the works (due to its spacious corridors and classes), a dizzying amount of external providers visited to encourage our young pupils to fully come to terms with how bright their futures can be!*

*The visitors are as follows (boil the kettle, this is quite the list):*

*Wakefield College*

*Barnsley College*

*Leeds City College*

*White Rose Beauty College*

*The Princes Trust*

*Progressions UK*

*The Army*

*ASDA*

*JCT600*

*NCS (National Citizenship Service)*

*Northfield Construction (Special thanks to Bradley's dad!)*

*All these establishments above did a terrific job of engaging and thus inspiring our pupils to think ahead, leaving them with a great deal to consider. More interestingly, despite the abundance of unfamiliar faces present at the event, pupils rapidly came out of their shells to ask pertinent questions... except perhaps Aaron, often demanding assurances that he'd receive a **free pen or cookie** after each encounter (I know your game, I'm a haggler too). Ultimately pupils from all 3 sites (Gallery, Hub and the Works) were able to benefit from the event; a pupil from each were particular standouts. Alfie, Reece and Jason all proffered up the most detailed feedback concerning the event and therefore earned themselves a few pricey vouchers to boot (well played fellas).*

**MEADOWCROFT  
SCHOOL**

**THE HUB,  
GALLERY & THE  
WORKS**

**ISSUE 3**
